ENERGY SEMINARS FOR
HOME BUILDERS TO BE HELD IN ATLANTA

December 12, 1978

For Immediate Release

ATLANTA, GA...Georgia Tech's Engineering Experiment Station is sponsoring two one-day seminars on energy conservation for Home Builders here December 19 at the Century Airport Inn at I-285 and Riverdale Road, and December 20 at the Radisson Hotel at 1850 Cotillion Drive. There is no charge for the seminars, which begin at noon, and pre-registration is not required.

Funded through the Georgia Office of Energy Resources in cooperation with the Home Builders Association of Georgia, the seminars are being conducted by EES in order to educate home builders on constructing and marketing energy conserving homes.

According to Tom McGowan, project director for EES, the seminar programs will be a practical guide to new construction methods and their economic benefits. Topics to be discussed include new energy saving devices, new construction techniques, effective sales and marketing strategies, the effect of energy costs on the home buyer, and the effects of the new State Energy Code For Buildings.

Home builders are encouraged to bring their lenders, appraisers, sales people and subcontractors.
